Dear Professor Delgado-Penin,

Ms. Roni Nichols, IEEE Student Services, and Prof. A. Vander Vorst, Region 8 SAC Chairman, informed me you are planning to establish a Student Branch at the Escuela Tecnica Superior Ingenieros de Telecomunicacion de Barcelona.

I appreciate your activities much and I fully endorse the establishment of this Student Branch. At the next meeting of the Regional Activities Board I shall recommend the approval of the Branch. In addition I officially appoint you as Student Councilor at your school.

Thank you very much for your efforts.

Sincerely yours,

Dick Poortvliet
